OCTOBER 13 - 19, 1969

STATEMENT REGARDING THE OCTOBER 15 "MORATORIUM"

In response to student initiative and after consultation with the faculty, I wish to announce the suspension of classes on October 15.

It is clear that the continuation of the war in Vietnam presents to all of us a serious moral problem, and although there is no one solution to the dilemma that commends itself to every conscience, we believe that the growing number of persons who oppose that war should have opportunity to express their convictions in this public manner.

The administrative offices, Speer Library, food services, and building and grounds activities will continue to function, but administrators are requested to make arrangements so that any staff member who wishes to participate in activities related to the "Moratorium" may do so.

A joint student-faculty committee is at work on a suitable use of October 15.

Let me add my personal hope that this will be a day in which students, faculty, and staff will participate in a serious discussion not only of Vietnam but also of our obligation as a nation to all men, at home and abroad, and in the renewal of our commitment to Christ's ministry of reconciliation.

James I. McCord
President

NOTICE

A SPECIAL CHAPEL SERVICE is planned for Tuesday, November 18, with Dr. Arlo Duba, Director of Miller Chapel services. Discussion of new Chapel policy. It is hoped that a broad range of students who are interested in the liturgical expression of the worship life of this campus will be represented. Ours is a catholic Church, evangelical in nature, and includes those of "high church" disposition, those with historical orientation, social activists, artists, mystics, old time religionists.... This Chapel period will make possible a broader understanding and, in future, a community participation in worship. The hope at this point is to divide into groups which focus on the various aspects of expression who will then cooperate with faculty members in contributing to the understanding and execution of a series of services in Miller Chapel. The task is one of creativity and education directed toward meaningful services in a pluralistic community.
